General Cabell:

a. Reported that General LeMay had accepted our offer for a briefing and had suggested 17 November. The Director approved and noted his acceptance for a reciprocal briefing at SAC Headquarters in Omaha for himself and General Cabell. DEPUTIES' MEETING

PRESENT: Mr. Dulles, General Cabell, Messrs. Amory, Kirkpatrick, [] 25X1
Sheldon and []

Mr. Dulles:

a. Noted a cable from []

[]

c. Noted an article in the [] which indicates 25X1
that [] would like to talk to Senator McCarthy and stated steps
should be taken to determine whether he had any new information to offer.

Mr. Kirkpatrick suggested that this be checked through two sources --
[] and the FBI Liaison with []

The Director approved. In connection with [] Mr. Kirkpatrick
noted that more than likely he would be surfaced when he appears before
the Jenner Committee in the near future. (NOTE: The Director undertook
to get in touch with Mr. Papich, and asked Mr. Kirkpatrick to have
[] queried.)

d. Referred to the case of the so-called [] and 25X1
asked [] to ensure that any CIA connection with this case be
carefully documented.

e. Noted the first item in the Log for 23 - 24 October and stated
in the future such information should be "head noted" only and brought
to his attention either orally or in a written report. The Director
then expressed the opinion that the contents of the Log had "slipped"
and therefore it was not serving the purpose for which it was intended.
The Director said that the Log should contain, for example, reports of
receipt of "important letters" which might not come to his attention,
reports of flaps and/or possible flaps, and other information which in
the opinion of the Deputies should be brought to the Director's attention.
After some discussion the Director asked [] to draft for his
approval a memorandum which would set forth items desirable for inclusion
in the Log.

Mr. Kirkpatrick:

Noted that Senator H. Alexander Smith, who is departing soon on a
trip to the Far East, had requested a briefing by CIA and had also asked
that Mr. Wilcox, Chief of Staff of the Foreign Relations Committee, be
permitted to attend this briefing. The Director approved.
